ROOM RENOVATION UNDERWAY AT THE INN!

We are excited to announce that all 19 lakeview rooms at The Geneva Inn will be renovated during our "Winter Maintenance" time this February and March. Each room will receive a complete makeover from floor to ceiling! Better lighting and new flat screen televisions will be added. New carpeting, wall coverings and draperies will be installed. Refrigerators and bed linens will be replaced. The makeover will introduce a fresh palette of soothing, bright colors including lakeside blues, reds, beiges and floral yellows. Unique accessories, pleasing artwork and special little touches, for which we are well known, will complete each room. "We are introducing four new color schemes. All lakeview rooms and suites will feature one of the new schemes," states Rick Treptow. "We are busy with the renovation which is scheduled to be completed by the time we reopen in April. It will be a wonderful, refreshing way to start the Spring season."
